Compact and lightweight

Compact and lightweight.

The BSL1850C battery is 19 mm shorter and 100 g lighter than the BSL1850 battery. It sounds not much, but the battery has a significantly reduction in both size and weight: 15% smaller and lighter. It still provides you with the same high power output. This compact battery powers all existing HiKOKI 18V slide tools and is compatible with the existing 18V rapid chargers.
