Sound power level (LwA)	84 dB
Uncertainty of measurement K	3 dB
Dimensions (L x H)	246 x 226 mm
Tool weight ¹	1.0 kg
Weight with battery	1.4 - 2.0 kg
Magazine weight	0.4 kg

Characteristics

Auto-start ensures comfortable and economical working, as it starts automatically when pressed against a surface

Precise guidance and power transmission in the screw axis

Compact, light and ergonomic design allows for comfortable one-hand operation, reducing the strain on the user's wrist and hand

"Impuls" mode allows for precise driving of protruding screws

The finely adjustable depth guide and low-noise claw clutch ensure consistent screwdriving, reducing the risk of over- or underdriving

Two integrated LEDs illuminate the contact area in low-light environments

¹ Weight according to EPTA-2004 procedure.

² Standard accessories vary by country or area.

Versions²

W18DAW2Z: Stackable case HSC III

Available as an accessory

Collated screw magazine
378857 In stackable case HSC III.

Max. screw head: Ø 9.5 mm
Max. shaft: Ø 5 mm
Length: 25-57 mm
